ORDER

JESSE M. FURMAN, United States District Judge:

Based on the representations of counsel and the Court's own observations at the in-person proceeding held earlier today, the Court has reason to believe that Yamill Irizarry, the Defendant, is urgently in need of psychiatric evaluation and treatment. The Bureau of Prisons and/or the U.S. Marshal Service are hereby ORDERED to ensure that Mr. Irizarry promptly receives a psychiatric evaluation and any appropriate mental health treatment. The Government is further ORDERED to take reasonable steps to assist defense counsel in making sure that Mr. Irizarry receives the attention and care he needs.

The parties shall submit a joint letter no later than **September 24, 2020**, updating the Court on the situation and providing their views on when and how (i.e., remotely or in person) the next conference should be held.

SO ORDERED.
